PROFESSIONAL SUMMARY

Game Art Team Lead, Art Production Lead, and Senior 2D Artist with 6+ years of iGaming experience and professional illustration experience since 2016. Has performed Art Lead responsibilities since 2023 and leads and mentors 30+ specialists across concept-to-release production. Helped transform Pascal Gaming's art production and contributed to internationally recognized game releases, raising team performance and product quality through clear creative direction, structured reviews, cross-functional coordination, and visual quality control. Experienced in hands-on 2D game art, technical asset preparation, Spine animation feedback, and human-led AI-assisted workflows.

LEADERSHIP

Leads and mentors 30+ specialists through art reviews, workload planning, task prioritization, structured feedback, cross-functional coordination, and production-risk resolution. Strengthens team performance and product quality through clear ownership, repeatable review standards, visual quality controls, and continuous process improvement across multiple concurrent projects.

EXPERIENCE

CURRENT ROLES, CONCURRENT

Art Production Lead **Pascal Gaming**

Aug 2026 – Present · Yerevan, Armenia

- Helped transform Pascal Gaming's game-art production by strengthening creative alignment, documentation, repeatable review standards, cross-functional coordination, and human-led AI-assisted workflows.
- Contributed to internationally recognized game releases, guiding visual concepts, 2D assets, UI elements, symbols, backgrounds, and characters from art direction through production-ready delivery.
- Leads and mentors 30+ specialists through clear priorities, workload planning, structured feedback, art reviews, and production-risk resolution, consistently raising team performance and product quality.
- Oversees concurrent projects from concept through release, aligning creative direction, asset requirements, technical feasibility, visual quality, product fit, and delivery needs.

Senior 2D Illustrator **SoftConstruct**

Oct 2023 – Present · Yerevan, Armenia

- Creates and refines production-ready 2D game art for iGaming, including UI elements, symbols, frames, characters, backgrounds, and supporting visual assets.
- Applies composition, color theory, typography, and visual hierarchy to maintain player readability, visual consistency, and implementation readiness.
- Reviews Spine animation work and provides visual feedback; prepares layered 2D assets for Spine-ready handoff and implementation.
- Uses iterative critique and AI-assisted exploration to support concept development while preserving approved art direction and adapting to changing production priorities.

Mid-Level Illustrator **Double Coconut**

Nov 2022 – Present · Armenia

- Produces 2D illustrations for mobile and web games, adapting concepts to product requirements, art direction, and technical constraints.
- Balances player readability, visual polish, implementation needs, and delivery timelines through iterative art reviews.

EARLIER EXPERIENCE

Illustrator **SoftConstruct**

Nov 2020 – Nov 2022 · Yerevan, Armenia

- Developed 2D illustrations and graphic-design assets for iGaming products, supporting visual iteration and production-ready delivery.
- Collaborated with production stakeholders through structured review workflows and clear feedback cycles.

Junior 2D Illustrator **Metal Depot**

2016 – 2019 · Armenia

- Created illustration and graphic-design assets, building the craft, software fluency, and production discipline used in later game-art roles.

SELECTED STUDIO RECOGNITION

Pascal Gaming portfolio context: 130+ multilingual games, 1,000+ casino brands, and 20+ languages. These are company achievements, not individual awards.
